NOTES:

1. A member of the Company shall be entitled to appoint another person as his/her proxy to exercise all or any of his/her rights to attend, participate, speak and vote at a meeting of members of the Company, subject to the Constitution of the Company. The Broadcast Venue is strictly for the purpose of complying with Section 327(2) of the Companies Act 2016 which requires the Chairman of the meeting to be present at the main venue of the meeting. Shareholders WILL NOT BE ALLOWED to attend the 60th AGM of the Company in person at the Broadcast Venue on the day of the meeting.

2. Shareholders are to attend, speak (including posing questions to the Board of Directors of the Company via real time submission of typed texts) and vote (collectively, "participate") remotely in the 60th AGM of the Company via the Remote Participation and Voting facilities ("RPV") provided by Tricor Investor & Issuing House Services Sdn. Bhd. via its TIIH Online website at https://tiih.online.

3. A member entitled to attend and vote at the meeting is entitled to appoint not more than two (2) proxies to attend and vote in his/her stead. Where a member appoints two (2) proxies, he/she shall specify the proportion of his/her shareholdings to be represented by each proxy.

4. Where a member of the Company is an exempt authorised nominee which holds shares in the Company for multiple beneficial owners in one (1) securities account ("omnibus account"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds.

NOTICE OF ANNUAL GENERAL MEETING

5. Where a member of the Company is an authorised nominee as defined under the Securities Industry (Central Depositories) Act, 1991, it may appoint not more than two (2) proxies in respect of each securities account it holds with shares of the Company standing to the credit of the securities account.

6. The Form of Proxy, in the case of an individual, shall be signed by the appointor or his attorney, and in the case of a corporation, either under seal or under the hand of an officer or attorney duly authorised.

7. The Form of Proxy duly completed and signed must be deposited at the Company's share registrar, Tricor Investor & Issuing House Services Sdn. Bhd., Unit 32-01, Level 32, Tower A, Vertical Business Suite, Avenue 3, Bangsar South, No. 8 Jalan Kerinchi, 59200 Kuala Lumpur or its Customer Service Counter at Unit G-3, Ground Floor, Vertical Podium, Avenue 3, Bangsar South, No. 8, Jalan Kerinchi, 59200 Kuala Lumpur not less than 48 hours before the time for holding the meeting or any adjournment thereof. You may also submit the Form of Proxy electronically via TIIH Online at https://tiih.online not less than 48 hours before the time for holding the meeting or any adjournment thereof.

8. Only members whose names appear in the Record of Depositors on 22 September 2021 shall be entitled to participate in the 60th AGM of the Company via RPV or appoint proxy/proxies to attend and/or vote on his/her behalf.

9. To participate in the 60th AGM of the Company via RPV and appoint proxy/authorized representative, please follow the Procedures for RPV in the Administrative Guide.

Explanatory Notes to Special Business:

Note A – The shareholders' approval on the Audited Financial Statements are not required pursuant to Section 340 (1) of the Companies Act 2016 ("Act"), hence, the matter will not be put for voting.

Resolutions 1 & 2 – Pursuant to Section 230 (1) of the Act, the fees of the directors and any benefits payable to the directors of a listed company and its subsidiaries shall be approved at general meeting. In this respect, the Board agreed that the shareholders' approval shall be sought at the 60th AGM on the Directors' fees and benefits in two (2) separate resolutions as below:-

- Resolution No. 1 on payment of Directors' fees in respect of the financial year ended 31 March 2021

- Resolution No. 2 on payment of Directors' benefits (excluding Directors' fees) from 1 October 2021 until the next AGM.

The current structure for Directors' benefits of the Company is basically the meeting allowances for Board/Board Committee meetings attended. The Directors' benefits from 1 October 2021 until the conclusion of the next AGM is estimated not to exceed RM20,000. The Board will seek shareholders' approval at the next AGM in the event the amount of the Directors' benefits is insufficient due to an increase in Board/Board Committee meetings and/or increase in Board size.

Details of the Directors' Fees and benefits paid to the Non-Executive Directors are disclosed on page 42 of the Statement on Corporate Governance in the Annual Report 2021.

Resolution 6 – The proposed Ordinary Resolution 6, if passed, will give the Directors of the Company, from the date of the 60th AGM, authority to allot shares from the unissued capital of the Company for such purposes as the Directors may deem fit and in the interest of the Company. The authority, unless revoked or varied by the Company in general meeting, will expire at the conclusion of the next AGM of the Company.

As at the date of printing of the Annual Report, no new shares were issued by the Company pursuant to the authority granted to the Directors at the 59th AGM held on 29 September 2020 and the said authority will lapse at the conclusion of the 60th AGM.

The authority will provide flexibility to the Company for any possible fund raising activities, including but not limited to further placing of shares, repayment of bank borrowing, if any, for purpose of funding future investment project(s), working capital and/or acquisitions.

CHAIRMAN'S STATEMENT

During the year under review, the Group navigated a very challenging environment caused by the Covid-19 pandemic coupled with the various Movement Control Order (MCO) periods implemented by the government since the first quarter of 2020. At the time of writing, the Klang Valley and various states throughout Malaysia are undergoing an Enhanced Movement Control Order (EMCO) due to the country's alarming rise of Covid-19 cases.

Over in Singapore, the Group also faced operational restrictions as a result of the pandemic, although certain restrictions had been progressively lifted.

Hence, when we reflect on the year under review, it was one of the most difficult years and we needed to adapt accordingly in the best interest of the Group.

Jui Residences, Singapore is located right next to the Kallang River in Serangoon, District 12

CHAIRMAN'S STATEMENT

Jui Residences has a conserved building, the National Aerated Water Company (NAWC) factory within the premises

For the year ended 31 March 2021, the Group registered a pre-tax loss of RM9.51 million (2020: pre-tax profit RM6.58 million) on the back of a lower turnover of RM144.20 million (2020: RM243.85 million). After accounting for taxation, the SDB Group posted a net loss of RM12.88 million, compared to the RM4.48 million net loss posted in the previous corresponding period.

The decrease was mainly due to the closure of construction sites and adverse market sentiment as a result of the Covid-19 pandemic and the control measures implemented by the Malaysia and Singapore governments since early January 2020. Hence, the Group's revenue and recognition of sales was impacted due to no work progress for approximately 3 months and 6 months in Malaysia and Singapore, respectively.

That said, the Group's results were mitigated by contribution amounting to RM23.70 million from iron ore mining results by Fortress Minerals Limited.

Group Operations

During the year under review, the Group focused primarily on the completion of UNA service apartments located at Jalan Peel comprising 316 units of service apartments with retail units on the Ground Floor. Currently, the overall physical site progress is at 91.82%. The Group's mixed development called SqWhere in Sungai Buloh was completed in July 2019 and has been well received.

Across the Causeway in Singapore, JUI Residences is a waterfront development located along Serangoon Road in District 12. The development overlooks the Kallang River and has a conserved building, the National Aerated Water Company (NAWC) factory within the premises. The conserved 'L' shaped building is in line with our efforts to preserve one of Singapore's main landmarks so that future generations will be able to witness one of the last remnants of the Kallang River's industrial past. SDB is working closely with the Urban Redevelopment Authority of Singapore (URA) to keep the building as part of Singapore's national history.

CHAIRMAN'S STATEMENT

In Potong Pasir, the Group announced the Myra project in September 2020. Sited on a 0.7-acre freehold parcel on Meyappa Chettiar Road and Woodsville Close in District 13, Myra comprises a 12-storey tower with 85 residential units. Designed by UK-based Pitman Tozer Architects and Singapore-based JGP Architecture, Myra is built on the principles of liveability. The name "Myra" was derived from "Palmyra", a tall fan-leaf palm from India. However, as mentioned earlier, the year under review was a 'start-stop' one for quite a few periods due to the pandemic, and governments imposing restrictions which impacted operations.

The Group's hospitality division is represented by Hotel Maya Kuala Lumpur located in the heart of Kuala Lumpur City Centre, and just a short walk to the Petronas Twin Towers. At the time of writing and in accordance with the EMCO SOP (Enhanced Movement Control Order Standard Operating Guidelines) the hotel is currently closed to public.

With regards to the Group's involvement in the mining sector, our associate company Fortress Minerals Limited is a leading high-grade iron ore producer in Bukit Besi, Terengganu. It has generated a steady stream of income over the past 2 years and contributed RM23.70 million (2020: RM8.34 million) in net profit to the Group during the financial year and repayment of shareholder's advances from the Group amounting to RM2.45 million has been received as of August 2020.

On 7 April 2021 Fortress Minerals Limited completed the acquisition of the entire issued and paid-up share capital of Fortress Mengapur Sdn Bhd (formerly known as Monument Mengapur Sdn Bhd) and its subsidiaries ("Fortress Mengapur"). Following the completion of the acquisition, Fortress Mengapur has become a wholly owned subsidiary of the Company. Fortress Mengapur comprises the entire tenements held by its subsidiaries, namely Cermat Aman Sdn Bhd (The "CASB") and Star Destiny Sdn Bhd ("The SDSB") which cover approximately 951.68 hectares in Pahang.

Awards

We are delighted to share that we were awarded the BCA Green Mark Award (Gold) for Jui Residences based on the Green Mark for New Residential Buildings (RB:2016) by the Building and Construction Authority Singapore. The Building and Construction Authority (BCA) champions the development and transformation of the built environment sector, in order to improve Singapore's living environment.

Cost Saving Measures

The Government of Malaysia imposed the MCO on 18 March 2020 and subsequently entered into the recovery phase of RMCO (Recovery Movement Control Order) until 31 August 2020. Due to the rising cases, the EMCO was extended from 3 July 2021 to 16 July 2021. Hence, the SDB Group embarked on various cost-saving measures in our efforts to become more prudent in our efforts to 'do more with less'.

Dividend

The Board of Directors does not recommend any dividend for the year under review.

Acknowledgement

On behalf of the Board of Directors, I would like to record our appreciation to the management and staff for their work and contribution.

My appreciation also goes out to shareholders, customers and business associates for their continued support.

MANAGEMENT DISCUSSION AND ANALYSIS

Financial

Specifically, for the year ended 31 March 2021, the Group registered a pre-tax loss of RM9.51 million (2020: pre-tax profit RM6.58 million) on the back of a lower turnover of RM144.20 million (2020: RM243.85 million). After accounting for taxation, the SDB Group posted a net loss of RM12.88 million, compared to the RM4.48 million net loss posted in the previous corresponding period.

The decrease was mainly due to the closure of construction site and adverse market sentiment as a result of the Covid-19 pandemic and the control measures implemented by the Malaysia and Singapore governments since early January 2020. Hence, sales numbers were not recognised as revenue due to no work progress for approximately 3 months and 6 months in Malaysia and Singapore.

That said, the Group's results were mitigated by contribution amounting to RM23.70 million from iron ore mining results by Fortress Minerals Limited.

Property Development

For the year under review, the SDB Group's property development divisions recorded a gross profit of RM5.41 million on a turnover of RM139.91 million. This stemmed primarily from sales of unsold stocks for completed developments together with developments under construction.

The Group focused primarily on the completion of UNA service apartments located at Jalan Peel comprising 316 units of service apartments with retail units on the Ground Floor and at the time of writing, the overall physical site progress is at 91.82%. The Group's mixed development called

MANAGEMENT DISCUSSION AND ANALYSIS

SqWhere in Sungai Buloh was completed in July 2019 and has been well received with the latest tenant being the De Maketto Lifestyle store - a supermarket which will occupy an area of 14,490 sq ft and will be convenient for residents to purchase their daily goods.

Across the Causeway in Singapore, JUI Residences is a waterfront development located along Serangoon Road in District 12. The development overlooks the Kallang River and has a conserved building, the National Aerated Water Company (NAWC) factory within the premises. SDB is working closely with the Urban Redevelopment Authority of Singapore (URA) to keep the building as part of Singapore's national history.

Jui Residences is located in URA's earmarked growth districts of Bidadari and Kampong Bahru areas. Plans to rejuvenated the iconic Kallang River is already underway. By 2030, another 100,000 residential homes will be built in that area, transforming the Kallang River into a lifestyle hub, with waterways, greenery and seamless park connectors. Jui Residences being right next to the Kallang River will stand to benefit from this major facelift. According to URA, new developments within the precincts will be nestled in a park-like environment, with seamless pedestrian and cyclist connectivity to nearby amenities and communal spaces.

In Potong Pasir, the Group announced the Myra project in September 2020. Sited on a 0.7-acre freehold parcel on Meyappa Chettiar Road and Woodsville Close in District 13, Myra comprises a 12-storey tower with 85 residential units. The name “Myra” was derived from “Palmyra”, a tall fan-leaf palm from India.

Meanwhile, there has been a delay in construction for One Draycott due to the difficulty in sourcing for foreign labour in Singapore. One Draycott is located at District 10 and mere minutes away from the Scotts/Orchard Road shopping belt. When completed, this single tower project with striking gold and black façade would feature 64 exclusive units.

Hospitality

The Group's hospitality division is represented by Hotel Maya Kuala Lumpur located in the heart of Kuala Lumpur City Centre, and just a short walk to the Petronas Twin Towers. Revenue is recorded at RM2.224 million for the year under review, much lower than the RM14.04 million posted in the previous corresponding period. This was due to the continued Movement Control Order (MCO) and Enhanced Movement Control Order (EMCO) which made it difficult for the public to stay or dine in. At the time of writing and in accordance with the EMCO Standard Operating Procedure the hotel is currently closed to public.

Cost Saving Measures

The Government of Malaysia imposed the MCO on 18 March 2020 and subsequently entered into the Recovery Movement Control Order (RMCO) until 31 August 2020. SUSTAINABILITY STATEMENT

Selangor Dredging Berhad (SDB) acknowledges and recognises the importance of sustainability as a critical enabler for long term growth of SDB and its subsidiaries (the Group). Our focus on these sustainability related issues: growing our business, human capital development, building long term relationship with all stakeholders and protecting our environment – is embedded in our vision and core values. It is what drives our business initiatives. We have always strived to live and demonstrate our commitment to sustainability as guided by the United Nations Sustainability Development Goals (SDG) and will integrate more elements of SDG into our long-term journey here in SDB. This culture reflects the SDB Group's interactions with its employees, customers, stakeholders, and the society in which it operates in, all the while considering the economic, social, and environment factors. Thus, sustainability is a factor that has been formally incorporated into the Company's Risk Framework since 2019.

UNA, Kuala Lumpur

SUSTAINABILITY STATEMENT

For the financial year ended 31 March 2021, the Group acknowledges the importance of environmental protection and preservation in all its business operations and as such, supports efforts that promote a cleaner and healthier environment. The Group also understands the importance of engaging with its customers. As such SDB aims to continuously improve its customer service across all levels. The valuable relationship with the residents at all of SDB's developments is fostered through specific targeted community activities.

As we adopt a holistic approach to business management by upholding the Economic, Environmental and Social (EES) pillars of sustainability, we continue to work closely with our various stakeholders to identify and address sustainability matters that significantly influence their decision-making. To this end, we are committed to strengthening stakeholder engagement so that we can better manage emerging issues and drive change on the ground.

We are steadfast in adopting a multi-stakeholder approach by communicating and collaborating with regulators, investors, employees, customers and other relevant stakeholders to further strengthen our performance in the context of sustainability in the short, medium and long-term.

SUSTAINABILITY GOVERNANCE

Having established a Risk Management & Sustainability Committee ("RMSC") in 2019, the core responsibilities of the RMSC are:

I. To implement the sustainability strategies within the parameters of the SDB Group's risk appetite and approved by the Board;
II. Oversee stakeholder engagement, to ensure that all issues and suggestions raised are taken into consideration in managing sustainability;
III. Identify material sustainability matters for the SDB Group, recommending strategies, setting policies, goals and targets;
IV. Coordinate and monitor the implementation of sustainability initiatives; and
V. Oversee the preparation of Sustainability Report and reporting it to SDB's Board for approval.

ECONOMIC SUSTAINABILITY

9 INDUSTRY, INNOVATION AND INFRASTRUCTURE

One of the underlying sustainability principles of the SDB Group's business philosophy is fair dealings in its business practices, which have seen the Group managing its business well since 1962. Ethical engagement with the marketplace is something the SDB Group takes very seriously. In this regard, the Group always strives to deliver products and services that meet the criteria of value, quality and satisfaction for its customers. In line with the SDB Group's philosophy of conducting its business dealings with integrity, a transparent procurement process is in place. The SDB Group practices an open tender system. All appointed business partners must also comply with all statutory regulations, standards and Code of Practices as per the contract terms and conditions. Environmental, safety and health factors are also included in the supply-chain contract.

9 INDUSTRY, INNOVATION AND INFRASTRUCTURE

The SDB Group believes that a business practice with a sustainable environment can boost its business, improve reputation and drive market opportunities. The SDB Group also acknowledges the importance of environmental protection and preservation in all its business operations and as such, supports efforts that promote a cleaner and healthier environment in its day-to-day activities and operations. The main mission of the SDB Group all this while is to design, develop and manage quality developments that contribute positively to the sustainability of the environment ecosystem. This is further demonstrated by the prestigious award won based on a set of high-quality standards but also in enhancing the environment. We are delighted to share that we were awarded the **BCA Green Mark Award (Gold)** for Jui Residences based on the Green Mark for New Residential Buildings (RB:2016) by the Building and Construction Authority Singapore. The Building and Construction Authority (BCA) champions the development and transformation of the built environment sector, in order to improve Singapore's living environment.

BCA oversees areas such as safety, quality, inclusiveness, sustainability and productivity, all of which, help to achieve our mission to transform the Built Environment sector and shape a liveable and smart built environment for Singapore. BCA is a strong advocate of sustainability in the built environment. Through initiatives like the BCA Green Mark scheme, BCA has been placed on the world green building map for its efforts in promoting green buildings, reducing carbon footprint and conserving resources, in local and overseas markets. Jui Residences was awarded the Gold Award due to its efforts in adopting sustainable construction practices that minimise the environmental impact of construction activities and implementing green features in its residences.

Urban Redevelopment Authority of Singapore (URA) is working closely with SDB to keep the building as part of Singapore's national history.

The NAW building is a noteworthy example of the Singapore Art Deco era from the 1950s. Jui Residences complements the conserved building, using similar design principles in a contemporary development with a distinctive local architectural language. Pedestrian access will be provided directly through the conservation building. This will register the historic reference upon arrival and allow residents and visitors alike to experience the history of the NAW building. Fronting Kallang River, a secondary pedestrian approach is provided, allowing an additional access point to the entrance lobby and an improved visual and physical connection to the riverside. The residential drop-off is provided within the podium.

The art deco element is also apparent through the vertical flutes on the façade, arched detailing on the balconies and wide inset curves at the podium in Jui Residences. Inside, brightly coloured artworks inspired by the history of this national heritage, named 'The Bottle Assembly: Filling Voids and Voids Filling' are specially crafted by sculptor Dr. Colin K. SOCIETAL SUSTAINABILITY

Employment

The SDB Group maintains an employment workforce of over 200 people in the current challenging business environment. The SDB Group ensures that its Human Resources policies and guidelines are always in compliance with all relevant government legislations, to ensure that its workplace embraces diversity, inclusion, empowerment and equality. Key initiatives to further strengthen the organisation include providing a conducive working environment, workplace safety, employee's engagement in celebrations, job enrichment and succession planning, training and development.

Employees

The SDB Group continues to practice flexi working hours for employees, who are not involved in providing critical services. The Group is also in full compliance with accepted standards of safety and health at the workplace. And with regards to the government's SOP on handling Covid-19, all employees are provided with 3-layer face mask and all office premises provide hand sanitisers and cleaned daily. Added measures include requiring all employees coming to work to have their temperature screened and recorded daily. Furthermore, management also encourages all employees to register for the National Vaccination Programme launched by the Malaysian government in early 2021.

Due to the Covid-19 pandemic and the Movement Control Order (MCO), staff from the head office work remotely from home. Hence, staff meet digitally via different online platforms, and meetings and discussions are also held online. We have also established the Anti-Bribery and Anti-Corruption Policy (ABAC) and 100% of employees have attended the e-learning course regarding the awareness of the ABAC Policy and adhering to its rules and regulations. Besides that, we also completed the Whistleblowing Policy with a comprehensive procedure.

SUSTAINABILITY STATEMENT

Customer

The SDB Group also recognises the importance of continuously engaging with its customers, to build lifelong relationships. As such the SDB Group is strengthening not only the quality of its products but, also its hospitality services across all levels. Feedbacks and grievances are collected and channeled to the respective teams involved at various property development levels to ensure that the products and services meet the highest level of standards to meet our customer's expectation and satisfaction. Which, eventually will ensure the SDB Group's loyal shareholders get a positive return on their investments. The SDB Group also communicates regularly with financial institutions, sales agencies and the media, in order to foster a closer relationship.

Community

The SDB Group develops its projects following sustainable policies that benefit the community and its residents. Our homes are built by incorporating passive design strategies that take advantage of the climate to maintain a cooling atmosphere and temperature range. We also ensure that all our developments are built with lush greenery with green building materials – and at the same time with great connectivity and accessibility to amenities. All these elements are incorporated into the development to ensure a sustainable development for all customers and the community at large.

Corporate Social Responsibility (CSR)

SDB's Corporate Social Responsibility (CSR) initiatives are driven by a strong purpose and revolves around offering support while creating opportunities for individuals with disabilities to acquire skills that will prepare them for a life on their own when they reach adulthood. Apart from offering them a channel for employment, the projects undertaken by SDB do not just provide temporary assistance but also enable them to learn and improve their work and social skills.

When the Covid-19 pandemic hit, the young adults with disabilities were struggling as they could not operate the Car Wash and Juice stall (One-Two-Wash & One-Two-Juice), hence the inception of One-Two-Boost created an avenue for them to contribute towards promoting one's overall immunity and well-being. One-Two-Boost was launched on 26 November 2020.

SDB collaborated with TCM (Traditional Chinese Medicine) practitioners Lin Cze-Pern and Go Pei Heng who are graduates from the Nanjing University of Chinese Medicine. Different series of herbal products are available, in drinks, soups and tea for immunity, nourishment, fat loss and targeting specific parts of the body like liver, spleen etc. Besides offering support and creating opportunities for individuals with disabilities – we offer them a channel for employment and to learn and improve their social skills where they can grow with the organisation and become long-time employees.

All products are single-handedly prepared and packed by young adults with disabilities under proper supervision by the Job Coach. Besides providing job opportunities, this also creates an avenue for young adults with disabilities to carry out packaging tasks and demonstrate their talents under proper supervision and in adherence to the Covid-19 Standard Operating Procedure (SOP). This initiative also helps in creating awareness and informing the public on employment issues faced by young adults with disabilities. Through this initiative, young adult with disabilities will have the opportunity to become visible and gain self-importance in the society particularly on their need for independence when they reach adulthood.

Because of the positive response from the public in purchasing the herbal products, SDB launched the One-Two-Boost website (www.12boost.com.my) where purchasers can directly purchase their products from the website.

OVERVIEW STATEMENT ON CORPORATE GOVERNANCE

The Board is supportive of the adoption of principles and best practices as enshrined in the Malaysian Code on Corporate Governance throughout the Group, for the protection and enhancement of stakeholders' value and the performance of the Group.

The Board is pleased to disclose below the manners in which it has applied the principles of good corporate governance and considered that it had complied with the best practices provisions except as stated otherwise.

(A) BOARD LEADERSHIP AND EFFECTIVENESS

Composition of the Board

The Board currently consists of five Directors: -

Chairman

Mr Eddy Chieng Ing Huong
(Non-Independent Non-Executive)

Managing Director

Ms Teh Lip Kim
(Non-Independent Executive)

Directors

Dato' Christopher Chan Choun Sien
(Independent Non-Executive)

Ms Teh Lip Pink
(Non-Independent Non-Executive)

Puan Selma Enolil binti Mustapha Khalil
(Independent Non-Executive)

The present size and composition of the Board is optimum and well balanced. As presently constituted, the Board has the stability, continuity and commitment as well as capacity to discharge its responsibilities effectively.

Profile of the Board members is as set out on pages 12 to 16 of this Annual Report.

Principal Responsibility of the Board

The Board is entrusted with the stewardship role of the Group. It is responsible for providing oversight of the Group's strategic direction, overseeing the Group's business operations, as well as identifying key risk factors that have significant impact on the Group's operations and performance. In achieving these goals, the Board performs regular reviews over the risk management and internal control system to ensure its integrity and adequacy in providing reasonable assurance of risk mitigation.

OVERVIEW STATEMENT ON CORPORATE GOVERNANCE

The principal responsibilities of the Board are generally summarised as follows:

- review and adopt the overall strategic plans and programmes for the Company and Group;
- establish such committees, policies and procedures to effectively discharge the Board's roles and responsibilities;
- ensure the Company has appropriate corporate governance structures in place including standards of ethical behaviour and promoting a culture of corporate responsibility;
- promote better investor relations and shareholder communications;
- review the adequacy and the integrity of the management information and internal controls systems of the Company and Group; and
- identify principal risks and ensure implementation of a proper risk management system to manage such risks.

Board Independence and Effectiveness

The Board is entrusted for the oversight and overall management of the business affairs of the Company. The Board is responsible for determining all major policies, reviewing the system of internal control, ensuring that effective strategies and management are in place, for assessing the performance of the Company and its management team.

The Board has established clear functions reserved for the Board and those delegated to the management. The Board deliberates business plan and approves the performance targets and the goals of the business to be met by the Company and subsidiary companies.

Managing Director is responsible for the day-to-day business operations of the Group while the Independent Non-Executive Directors provide scrutiny and unbiased and independent views, advice and judgement to decisions and proposals of the Managing Director. The Board collectively is responsible for the effective implementation and monitoring of the Group's strategic plans.

The Independent Non-Executive Directors do not involve in the day-to-day management of the Group's business operations. Therefore, the Independent Non-Executive Directors remain free from conflict of interest and thus enable them to carry out their duties as independent directors effectively. They provide impartial views and insight to the Managing Director in matters relating to financial management, corporate governance, risk management and internal control. Strategies proposed by the Managing Director are deliberated from both quantitative and qualitative aspects, taking into account the interest of various stakeholders as well as the impact of risk factors that exist in the operating environment. Presence of the Independent Directors complements the Board by ensuring there is an effective check and balance in the functioning of the Board. These Independent Directors fulfil the criteria of independence as set out in the Listing Requirements.

The position of Chairman and the Managing Director are held by different individuals. There is a division of responsibility between the Chairman who is leading the Board in the oversight of management and Managing Director, who responsible for managing the overall business and day to day operations of the Company to ensure that there is a balance of power and authority, promotion of accountability and facilitation of division of responsibilities between them.

The key duties and responsibilities of the Chairman are to provide leadership to the Board, instill good corporate governance practices, chairing the meetings of the Board and shareholders, ensuring that the Board fully discharges its responsibilities and acting as liaison person between the Board and the management.

OVERVIEW STATEMENT ON CORPORATE GOVERNANCE

Board Charter and Code of Conduct

The Board has formally adopted a Board Charter, which provides guidance to the Board in the fulfilment of its roles, duties and responsibilities which are in line with the principles of good corporate governance. The Board Charter provides guidance for Directors and Management on the responsibilities of the Boards, its Committees and requirements of Directors and it is subject to periodical review to ensure consistency with the Board's strategic intent as well as relevant standards of corporate governance. The Board Charter provides guidance for Directors and Management on the responsibilities of the Board, its Committees and requirements of Directors and it is subject to periodical review and updated in accordance with the needs of the Company to ensure consistency with the Board's strategic intent as well as relevant standards of corporate governance.

The Board is mindful of the importance of the establishment of clear roles and responsibilities in discharging its fiduciary and leadership functions as recommended by the Code including those reserved for the Board's approval and those which the Board may delegate to the Board Committees, the Executive Director and the Management. There is a clear division of responsibilities between the Chairman and the Executive Director.

The Board is also committed to conducting business in accordance with the highest standards of business ethics and complying with applicable laws, rules and regulations. The Code of Conduct and Ethics provide guidance for Directors regarding ethical and behavioural considerations and/or actions as they address their duties and obligations during their appointment.

The Board Charter and Code of Conduct are made available for reference in the Company's website, www.sdb.com.my.

Qualified and Competent Company Secretaries

The Board is well supported by qualified and competent Company Secretaries on matters relating to the Company's policies and procedures that require compliance to applicable rules, regulations and the Code.

The Company Secretaries of the Company are experienced, play an important role in advising the Board on issues relating to corporate compliance with the relevant laws, rules, procedures and regulations affecting the Board and the Group, as well as best practices of governance. The Directors have ready and unrestricted access to the advice and services of the Company Secretaries. The Board is regularly kept up to date on and apprised of any regulations and guidelines.

The Company Secretaries also safeguard all statutory books and records of the Company and maintain the statutory registers of the Company. Company Secretaries also ensure all Board meetings are properly convened, and that accurate and proper records of the proceedings and resolutions passed are recorded.

Board Meeting and Supply of Information to the Board

The Board meets regularly, at least once in every quarter, to review the Group's operations and to approve the quarterly reports and annual financial statements. During the financial year, the Board met on four (4) occasions where it deliberated upon and considered a variety of matters mainly to review the Group's operations and the quarterly and annual financial statements.

The details of the attendance by individual Director during the financial year are as follows:-

Name of Directors	Total Meetings Attended
Mr Eddy Chieng Ing Huong	4/4
Ms Teh Lip Kim	4/4
Ms Teh Lip Pink	4/4
Puan Selma Enolil binti Mustapha Khalil	4/4
Dato' Christopher Chan Choun Sien (appointed w.e.f. 13.07.2020)	3/4
Mr Tony Lee Cheow Fui (resigned w.e.f. 13.7.2020)	1/4

OVERVIEW STATEMENT ON CORPORATE GOVERNANCE

The Board has a formal schedule of matters reserved specifically for its decision. The Directors have full and timely access to all information pertaining to the Group's business and affairs, whether as a full Board or in their individual capacity, to enable them to discharge their duties.

All Directors are provided with agenda and set of Board papers issued prior to Board meetings to allow reasonable time for the Board members to obtain further explanations or clarification, where necessary and to make an informed decision. Senior management is invited to attend these meetings to explain and clarify matters being tabled. The Board has direct access to senior management staff to obtain complete and unimpeded information to assist them in discharging their duties. The proceedings of all board meetings are recorded by the Company Secretary and filed properly in the minute's book of the Company upon confirmation by the Board.

In addition, all Directors have access to the advice and services of the Company Secretary who is a qualified professional with the required experience to advise the Board. When necessary, Directors may also obtain independent professional advice at the Company's expense in furtherance of their duties.

Directors' Training

The Board recognises the needs to attend training to enable them to discharge their duties effectively. The training needs of each Director is assessed and proposed by the individual directors.

The Board is also regularly updated by the Company Secretary on the latest updates and major amendments made to the Listing Requirements of Bursa Malaysia Securities Berhad, Companies Act 2016 and other regulatory requirements relating to the discharge of the Directors' duties and responsibilities.

During the financial year and as at the date of the issuance of this Annual Report, the Directors have attended briefing pertaining to the findings of the thematic review and key takeaways conducted by Bursa Malaysia Berhad and Institute of Internal Auditors Malaysia by Mr Chang Ming Chew, the Representative of NGL Tricor Governance Sdn. Bhd (now known as Tricor Axcelasia Sdn Bhd) on 23 November 2020.

Board Committees

The Board has set up five Board Committees, i.e. Investment, Audit, Nominating, Remuneration Committees and Risk Management and Sustainability Committee to delegate specific powers and responsibilities to support the role of the Board to provide assurance and accountability to its shareholders, all of which have their own terms of reference.

The Committees have been granted with full authority to investigate any matter within their scope of responsibility and to obtain satisfactory information as it may requires from directors and/or employees of the Group. In the event where independent professional advice are needed to discharge their duties, the Committees are entitled to engage external professionals and/or consultants at the cost of the Group after due consultation with the Board.

The Investment Committee was established on 23 August 2001 with the responsibilities of approving Group acquisition and disposals of investment up to RM15 million and manage risk of the Group in order to maximise return to the shareholders.

Nominating Committee

The Nominating Committee was established to ensure that the Board has an appropriate balance, size and the required mix of skills, experience and core competencies to govern the organization towards achieving its intended goals and objectives. The Nominating Committee shall propose new candidates for the Board and assess Directors on an on-going basis.

The Terms of Reference of the Nominating Committee can be viewed at the Company's website at www.sdb.com.my.

OVERVIEW STATEMENT ON CORPORATE GOVERNANCE

The summary functions of the Nominating Committee are as follows:

- To recommend candidates for all directorships.
- To recommend appointments to the Board Committees.
- To annually review the required mix of skills and experience and other qualities, including core competencies that the Non-Executive Directors should bring to the Board.
- To implement a process, to be carried out annually for assessing the effectiveness of the Board as a whole, the committees of the Board and for assessing the contribution of each individual Director.

The Nominating Committee will review and assess the mix of skills expertise, composition, size and experience of the Board directors. The Nomination Committee undertakes annual assessment to evaluate the performance of each individual Director, the effectiveness of the Board and the Board Committees. The effectiveness of the Board and Board Committees are assessed in the areas of board structure/mix, decision making and boardroom participation and activities, meeting administration and conducts, skill and competencies and role and responsibilities whilst the performance of the individual Directors are assessed in the areas of contribution and interaction with peer, quality of the input of the Director, understanding of role, etc.

During the financial year, the Nominating Committee has reviewed the necessity for the Company to re-organise the composition of Board of Directors to ensure that the calibre, credibility and necessary skills and experience required were always in place to have an effective Board and enable the Board to be better equipped to respond to challenges that might arise and deliver value to the Company.

The Nominating Committee considers that the current mix of skills and experience of the Board are sufficient for the discharge of its duties and responsibilities effectively.

Board Nomination Process

The Nomination Committee is responsible to identify candidate to the Board if there is vacancy arise from resignation, retirement or any other reasons or if there is a need to appoint additional director with the required skill or profession to the Board in order to close the competency gap in the Board identified by the Committee. The potential candidate may be proposed by existing director, senior management staff, shareholder or third party referrals.

Upon receiving of the proposal, the Committee is responsible to conduct assessment and evaluation on the proposed candidate.

The Board does not set specific criteria for the assessment and selection of director candidate. However, the consideration would be taken on the need to meet the regulatory requirement such as Companies Act, 2016 and Main Market Listing Requirements. The Committee selection of the director candidate is generally based on the achievement in the candidate personal career, integrity, wisdom, ability to make independent and analytical inquiries, ability to work as a team to support the Board, possession of the required skill, qualification and expertise that would add further value to the Board, understanding of the business environment and the willingness to devote adequate time and commitment to attend to the duties/functions of the Board.

The assessment/evaluation process may include, at the Committee’s discretion, reviewing of the candidate resume, curriculum vitae and other biographical information, confirming the candidate’s qualifications and conducting legal and other background searches as well as formal or informal interview at the Committee’s discretion.

Upon completion of the assessment and evaluation of the proposed candidate, the Committee would make its recommendation to the Board. Based on the recommendation of the Committee, the Board would evaluate and decide on the appointment of the proposed candidate.

The Chairman of the Board would then make an invitation or offer to the proposed/potential candidate to join the Board as a director. With the acceptance of the offer/invitation, the candidate would be appointed as director of the Company.

Annual Assessment of Existing Directors and Board Committees

An assessment of the Board's performance is carried out for the year under review, including the Independent Directors' performance and role of chairman.

The assessment criteria include of Board structure, operation and interaction, dynamics and functioning, governance and risk management.

The Board is satisfied with the existing number and composition of its members and is of the view that with the current mix of skills, knowledge, experience and strengths, the Board is able to discharge its duties and responsibilities effectively.

Assessment of Independent Directors

The Company does not have term limits for Independent Directors as the Board believes there are significant advantages to be gained from the long-serving Directors who possess tremendous insight and in-depth knowledge of the Company's business and affairs.

The existing independent directors are independent from management and free from any business or other relationships which may interfere with the exercise of their independent judgement, which is in line with the requirements of Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

Re-election

In accordance with the Company's Constitution, all Directors shall retire from office at least once in each three years and a retiring Director is eligible for re-election and the election of each Director is voted on separately. This re-election process provides an opportunity for the shareholders to renew their mandates. In order to assist the shareholders in their decision, sufficient information such as personal profiles, meeting attendance and their shareholdings in the Company for each Director is furnished in the Annual Report.

The Constitution further provides that all newly appointed Directors shall retire from office but shall be eligible for re-election in the next Annual General Meeting subsequent to their appointment.

Gender Diversity Policy

The Company does not have a formal ethnic and age diversity policy. In its selection of board members, the Board provides equal opportunity to candidates who have the relevant skills, experience, competencies and other qualities vis-à-vis the Group present business portfolios and prospective investments, without bias on race, age or gender.

Activities of the Nominating Committee

The summary of the activities of the Nominating Committee during the financial year are as follows:-

- Reviewed the mix of skill and experience and other qualities of the Board.
- Accessed the effectiveness of the Board as a whole, the Board committees and the Directors.
- Discussed the Company's Directors' retirement by rotation.

Remuneration Committee

The Remuneration Committee was established on 23 August 2001 and is entrusted with the role of reviewing and recommending the annual bonus and salary increment of the Executive Directors and members of the Senior Management of the Company. Executive Directors' remuneration is decided by the Board with the Directors concerned abstaining from deliberations and voting accordingly.

Remuneration Policy

The remuneration of the Executive Director shall be reviewed by the Remuneration Committee and for their recommendation to the Board for approval.

Executive Director shall also be entitled to other benefits provided to employee of the Company and other additional benefits if so proposed by the Remuneration Committee for their consideration and recommendation to the Board for approval.

Non-Executive Directors' remuneration is based on a standard fixed fee and meeting allowance, with the Chairman receiving higher amount in recognition of his additional responsibilities. An additional fee is also paid to Non-Executive Directors sitting on Board Committees.

OVERVIEW STATEMENT ON CORPORATE GOVERNANCE

(B) EFFECTIVE AUDIT AND RISK MANAGEMENT

Audit

The role, functions, responsibilities and activities of the Audit Committee are reported under the Audit Committee Report on page 55 of this Annual Report.

Relationship with External Auditors and Assessment of their Suitability & Independence

The Company has established a formal and transparent arrangement for maintaining appropriate relationships with the Group's auditors, both external and internal. The Audit Committee seeks regular assurance on the effectiveness of the internal control systems through independent appraisal by the auditors. Liaison and unrestricted communication exist between the Audit Committee and the external auditors.

In addition, the external auditors will be invited to attend the Company's Annual General Meeting and will be available to answer any questions from the shareholders on the conduct of the statutory audit and the contents of the audited financial statements as well as any corporate exercise undertaken by the Group where the external auditors are involved.

The Audit Committee had obtained confirmation from the external auditors, BDO PLT that they are independent in accordance with the Bylaws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants.

An annual assessment which taking into consideration of several criterial like Fees, Service quality, Sufficiency of resources, Independence and professionalism, will be conducted on the suitability of the External Auditors.

Risk Management and Internal Control

The Board recognises the importance of a sound system of internal control for the Group including risk assessment and acknowledges its ultimate responsibilities in maintaining the same. In recognition of the importance of having in place a structured and organised approach to identify and manage appropriately risk factors affecting the Company, a risk management and internal control framework has been established to set out principles of the Company's risk identification and management culture, which provide input of its internal control system.

Another check-and-balance measure in the Company's internal control system is through the conduct of internal audit. The internal audit function is outsourced to an independent professional internal audit services firm which reports directly to the Audit Committee.

Some internal control weaknesses were identified during the financial year under review, all of which have been or are being addressed by the Management. None of these weaknesses has resulted in any material loss that would require disclosure in the Group's financial statement. The Group's state of risk management and internal control is spelt out in the Statement on Risk Management and Internal Control on pages 46 to 51 of this Annual Report 2021.

The cost incurred for the internal audit function for the financial year ended 31 March 2021 is RM31,000.

OVERVIEW STATEMENT ON CORPORATE GOVERNANCE

(C) CORPORATE REPORTING AND RELATION WITH SHAREHOLDERS AND INVESTORS

Communication with Shareholders

Communication between the Company and its shareholders are done in the following manner:-

Relationship with Shareholders and Investors

The Board recognises the value of good investor relation and the importance of disseminating information in a fair and equitable manner, the participation of shareholders and investors, both individual and institutional, at Annual General Meeting is encouraged. Such information is disseminated via the Company's annual reports, quarterly financial results and various prescribed announcements made to Bursa Securities from time to time in the Bursa Securities' website at www.bursamalaysia.com.

The Group also maintains a website at www.sdb.com.my which provides information, qualitative and quantitative, on the Group's operations and corporate developments.

General Meeting

The Annual General Meeting represents the principal forum for dialogue and interaction with all the shareholders of the Company. The Company values feedback from its shareholders and encourages them to actively participate in discussion and deliberations.

The Company convened a virtual AGM last year and has adopted online remote voting for the conduct of poll on all resolutions. All shareholders were briefed on the voting procedures by the poll administrator prior to the poll voting and an independent scrutineer was appointed to validate the votes cast and announce the poll results. In the event that shareholders are unable to virtually attend the AGM in person, they are encouraged to appoint proxies to virtually attend and vote in his/her stead. The outcome of the meeting is announced to Bursa Securities on the same day, which is also accessible on the Company's website.

(D) COMPLIANCE WITH THE CODE

This Statement is prepared in compliance with the Listing Requirements and it is to be read together with the Corporate Governance Report 2021 of the Company, which is available at website, www.sdb.com.my.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

The Board of Directors **("Board")** of Selangor Dredging Berhad **("SDB" or "the Group")** is pleased to present the Statement on Risk Management and Internal Control of the Group which outlines the nature and scope of risk management and the internal control systems of the Group for the financial year ended 31 March 2021. This statement is prepared in accordance with paragraph 15.26(b) of the Bursa Malaysia Securities Berhad **("Bursa Malaysia")** Main Market Listing Requirements **("MMLR")** and guided by the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers **("the Guidelines")** and Malaysian Code on Corporate Governance **("MCCG")**.

BOARD RESPONSIBILITY

The Board reaffirms its overall responsibility for the Group's risk management and internal control systems covering not only financial controls but also strategic, operational and compliance to regulatory requirement. This also includes ensuring the adequacy and effectiveness of such systems to safeguard shareholders' investments and the Group's assets through regular reviews. The implementation of these control systems is undertaken by the management which regularly reports on key risks identified and actions taken to mitigate and/or minimise such risks. The oversight of these critical areas is carried out by the Board and assisted with the establishment of the Risk Management Committee ("RMC") at Senior Management level, which are empowered by their respective terms of reference since 2016. And on 26 August 2019, the RMC was renamed to Risk Management and Sustainability Committee ("RMSC") and tabled for review to the Board, and approved for adoption by Board to also encompass the sustainability criteria. The RMSC is chaired by the Managing Director and its other members comprises of the Group General Manager, the Head of Finance and the Risk Management Manager ("RM").

The Group's risk management and internal control systems are designed to efficiently and effectively manage risks that may prevent the achievement of the Group's business objectives, and to provide information for accurate reporting, decision making and ensuring compliance with regulatory and statutory requirements. The Board also ensures that there is a robust framework of ongoing risk management processes in identifying, evaluating and managing significant risks faced by SDB to promote a sustainable long-term success of the Group. Due to inherent limitations in the systems of internal control and risk management, the Board recognises that these systems can only manage rather than eliminate all risks of failure to achieve business objectives, and as such, can only provide reasonable but not absolute assurance against material misstatement, loss or fraud. Furthermore, consideration is given to the cost of implementation as compared to the expected benefits to be derived from the implementation of the internal control system.

ENTERPRISE RISK MANAGEMENT ("ERM")

The Group has established an ERM Framework to proactively identify, evaluate, mitigate and manage key risks to an optimal level. In line with the Group's commitment to deliver sustainable value, this ERM Framework aims to provide an integrated and organised approach group-wide. It outlines the ERM methodology which is in line with the Principles and Guidelines of ISO31000:2018 Risk Management, mainly promoting the risk ownership and continuous monitoring of key risks faced by the Group that were identified via the Risk and Control Self-Assessment ("RCSA") process. The ERM assessment reviews are carried out on a quarterly basis to address major risk factors of concern together with the necessary action plan, if any from the perspectives of regulatory & legal, governance & operational controls, financial, customers, products & services, suppliers, project management, information technology, Fraud and corruption, branding and human capital. And all these factors will ultimately be evaluated based on the objective of achieving sustainability in conducting business.

Risk Management Activities

As part of the Group's effort to instil a proactive risk management culture and ownership, the following activities were undertaken during the year under review:

- Conducted mandatory ERM awareness training for new hiring during induction training, in building up and maintaining a strong risk culture in SDB;
- Ensuring effective application of ERM in the day-to-day business operations;
- Regular discussions with Head of Business Units to obtain endorsement on key risk areas and commitments on action plans;
- Providing risk advisory and independent assessment as and when necessary, as well as facilitated discussions across the Group;
- Refinement of the risk depository system to enhance risk tracking and monitoring;
- Conducts random compliance checks on departments on a frequent basis; and
- Monitoring and follow-up until completion on all individual departments identified issues with the agreed action plans and timelines.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

During the financial year, the Board was updated on regular basis on the latest status of the corporate risk scorecard where each department have identified their risks, the probability of those risks occurring, the impact if they do occur and the action plans being taken to manage those risks to the desired level, through the RCSA process of verification and review by Risk & Compliance Department ("RCD"). All department are required to report to RCD of any risk related incident(s), and to report the data of identified relevant KRI by a set timeline to RCD. Upon completion of review, the RM will consolidate all information into a Risk Management & Controls Report, and presents it to the RMSC and the Board for deliberation and guidance on it.

KEY ELEMENTS OF INTERNAL CONTROL AT SDB:

- **Terms of Reference**

  Clear definition of the terms of reference, i.e. functions, authorities and responsibilities of the various committees of Senior Management and the Board have been established.

- **Organisational Structure and Accountability Levels**

  The Group has a well-defined organisational structure with clear reporting lines of responsibility. Delegation of authority and key business functions of the Group are centralised, to ensure accountability and quick impartment of risk management strategies. Including the setting up of the RMSC and appointing all Head of Departments as a Risk and Compliance Officer ("RCO") in their respective departments' in ensuring accountability. In addition, the Head of Departments are also required to appoint an Alternate Risk & Compliance Officer ("ARCO") within their respective departments to assist them with managing risk and implementing control activities

- **Limits of Authority ("LOA")**

  The LOA has been established as part of SDB's effort in ensuring an optimal balance between strong corporate governance practices and operational efficiency. It is a written delegation of authority by the Board to the Investment Committee and Management within the SDB Group. Its key objectives are to provide a holistic view of the authority limits set, to encourage delegation, empowerment and accountability, and to eliminate guesswork, confusion hence providing clarity. The LOA document is subject to periodical review to incorporate any changes that affect the authority limits.

- **Management Styles and Control Procedures**

  Weekly operational meetings are conducted among senior management to discuss and review the business plans, budgets, financial and operational performances of the Group.

  Operating policies and procedures are made available to guide staff in their day-to-day work processes. Such operating policies and SOPs have been established, as well as reviewed and updated periodically to meet changing business, operational needs and regulatory requirements.

  Establishment of dual control and clear line on segregation of duties via independent checks, review and reconciliation activities to prevent unauthorized activities, power abuse, fraud, corruption, bribery and human errors.

  Quality control and progress of the project is monitored via frequent schedule site visits by the relevant teams, regular site meetings with the contractors and deployment of fulltime staff on site. And a monthly project site report is presented to management for review. Moreover, external certification/standards such as the Building Quality Assessment System ("BuildQAS") standards are adopted to strengthen and improve the output processes and quality.

- **Human Resource Policy**

  There are proper guidelines within the Group for recruitment and selection, compensation and benefits, performance management, code of conduct, and other relevant procedures in line with its brand promise and core values. Training and development programmes are identified and scheduled for employees to acquire the necessary knowledge and competency to meet their job expectations and to multi task when necessary, which is a step-in succession planning. The Whistleblowing Policy and Procedure has been revised in line with the established Anti-Bribery and Anti-Corruption ("ABAC") Policy in compliance to the Malaysian Anti-Corruption Commission Act 2009 and its amendments. As well as the, the establishment of SDB's own ABAC Policy and Covid-19 SOP.

- **Business Continuity Management**

  Business Continuity Plan and Disaster Recovery Plan are in place with daily backup and system vendors' support to provide assurance for business continuity. There are also offline procedures to implement in case of system failure. And annual testing is conducted at least twice without fail.

- **Tender**

  Review and award of major contracts are carried out through a rigorous tendering process by a Tender Committee. A minimum of three tenderers are called for and tenders are awarded based on selection criteria including quality, pricing, track record and speed of delivery. The tenders are reviewed by a Tender Committee, which comprises a few key selected members of the senior management to ensure transparency and independence in the award of contracts.

- **Insurance on Key Assets**

  Adequate insurance of the major assets and resources of the Group are in place to ensure that these are sufficiently covered against any mishap that may result in material losses to the Group.

- **Safety and Security**

  Management has always placed importance in complying with the Occupational Safety and Health Act, 1994 to ensure that all the employees are aware of the safety procedures that are in place for their own safety during any emergencies and that the Group's assets and resources are well protected from any accident or mishap. Furthermore, all staff are provided with face mask, hand sanitizer's, and all required to adhere to SDB's Covid-19 SOP.

It also important to note that the Internal Audit independently reviews the ERM framework and internal control systems to provide to the Audit Committee with sufficient assurance that the systems of internal control are effective to address the risks identified.

The Board is satisfied with the Group's system of risk management and the internal controls, and is of the view that the system which is in place for the year under review is sound and adequate to safeguard shareholders' investments, customers' interests, employee's well-being and the Group's assets. The Board is conscious of the fact that the system of risk management and internal control practices must continuously be evolve and enhance to support the Group's operations and adapt to suit changing business environment. Therefore, the Board with the assistance of RMSC will, when necessary, put in place appropriate measures to further strengthen the system of internal control.

The Group's system of internal control applies principally to SDB and its subsidiaries. Joint ventures and associates have been excluded because the Group does not have full management and control over them.

Assurance Provided by Group Managing Director and Group Finance Manager

In line with the Guidelines, the **Group Managing Director and Group Finance Manager** have provided assurance to the Board that the Group's risk management and internal control system are in place and operating reliably in all material aspects to meet the Group's objectives during the financial year under review.

Review of the Statement by External Auditors

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF SELANGOR DREDGING BERHAD
(Incorporated in Malaysia)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Selangor Dredging Berhad, which comprise the statements of financial position as at 31 March 2021 of the Group and of the Company, the statements of profit or loss, statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 69 to 152.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 March 2021, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards ("IFRSs") and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

<u>Group level</u>

a) Property development revenue recognition

Revenue from property development recognised over time during the financial year as disclosed in Note 26 to the financial statements is RM65.8 million.

We determined this to be a key audit matter because it requires management to exercise significant judgements in determining the satisfaction of performance obligations as stated in the contracts with customers as well as the costs in applying the input method to recognise revenue over time. The determination of stage of completion requires management to exercise significant judgement in estimating the total costs to complete.

In estimating the total costs to complete, the Group considers the completeness and accuracy of its costs estimation, including its obligations to contract variations, claims and costs contingencies.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF SELANGOR DREDGING BERHAD
(Incorporated in Malaysia)

Key Audit Matters (continued)

Group level (continued)

a) Property development revenue recognition (continued)

Audit response

Our audit procedures included the following:

(i) Recomputed the results of the input method determined by management for revenue recognition based on verified actual costs incurred to-date and budgeted costs;

(ii) Assessed the estimated total costs to complete through inquiries with operational and financial personnel of the Group;

(iii) Inspected documentation to support cost estimates made including contract variations and cost contingencies; and

(iv) Compared contract budgets to actual outcomes to assess reliability of management budgeting process and controls.

b) Recoverability of trade receivables

As at 31 March 2021, the Group had trade receivables amounted to RM38.6 million, which was net of impairment loss of RM10.1 million, as disclosed in Note 13 to the financial statements.

We determined this to be a key audit matter because it requires management to exercise significant judgement in determining the probability of default by trade receivables and appropriate forward looking information.

Audit response

Our audit procedures included the following:

(i) Recomputed the probability of default using historical data and forward looking information adjustment, incorporating the impact of the COVID-19 pandemic, applied by the Group;

(ii) Recomputed the correlation coefficient between the macroeconomic indicators set by the Group and historical credit losses to determine the appropriateness of the forward looking information used by the Group; and

(iii) Inquiries of management to assess the rationale underlying the relationship between the forward looking information and expected credit losses.

Company level

Recoverability of amounts owing by subsidiaries

As at 31 March 2021, the amounts owing by subsidiaries were RM168.3 million as disclosed in Note 15 to the financial statements.

We determined this to be a key audit matter because it requires management to exercise significant judgement in determining the probability of default by subsidiaries, appropriate forward looking information and significant increase in credit risk.

Audit response

Our audit procedures included the following:

(i) Recomputed probability of default using historical data and forward looking information adjustment, incorporating the impact of the COVID-19 pandemic, applied by the Company;

(ii) Assessed the appropriateness of the indicators of significant increase in credit risk applied by the management and the resultant basis for classification of exposure into respective stages; and

(iii) Evaluated management's basis for determining recoverable cash flows, where applicable.

Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with MFRSs, IFRSs and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF SELANGOR DREDGING BERHAD
(Incorporated in Malaysia)

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

(a) Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

(b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control of the Group and of the Company.

(c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

(d) Conclude on the appropriateness of the Directors' use of going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.

(e) Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.

(f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current year and are therefore key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act 2016 in Malaysia, we report that the subsidiaries of which we have not acted as auditors are disclosed in Note 7 to the financial statements.

Other Matters

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2021

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of preparation

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards ("IFRSs") and the provisions of the Companies Act 2016 in Malaysia.

The accounting policies adopted are consistent with those of the previous financial year except for the effects of adoption of new MFRS during the financial year. The new MFRSs and Amendments to MFRSs adopted during the financial year are disclosed in Note 2.1 to the financial statements.

The financial statements of the Group and of the Company have been prepared under the historical cost convention except as otherwise stated in the financial statements.

The financial statements are presented in Ringgit Malaysia ("RM"), which is also the functional currency of the Company. All financial information presented in RM has been rounded to the nearest thousand, unless otherwise stated.

(b) Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and of all its subsidiaries and entities controlled by the Company made up to the end of the financial year.

The Company controls an investee if and only if the Company has all the following:

(i) power over the investee;

(ii) exposure, or rights, to variable returns from its involvement with the investee; and

(iii) the ability to use its power over the investee to affect the amount of the investor's returns.

Potential voting rights are considered when assessing control only if the rights are substantive.

The Company reassesses whether it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

Consolidation of an investee shall begin from the date the Company obtains control of the investee and cease when the investor loses control of the investee.

The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances.

All intra-group balances, transactions, income and expenses are eliminated in full on consolidation and the consolidated financial statements reflect external transactions only.

Changes of interests in subsidiaries

The changes of interests in subsidiaries that do not result in a loss of control are treated as equity transactions between the Group and non-controlling interest holders. Any gain or loss arising from equity transactions is recognised directly in equity.

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(b) Basis of consolidation (continued)

Loss of control

When the Group loses control of a subsidiary:

(i) It derecognises the assets and liabilities, non-controlling interests, and other amounts previously recognised in other comprehensive income relating to the former subsidiary.

(ii) It recognises any gain or loss in profit or loss attributable to the Group, which is calculated as the difference between (i) the aggregate of the fair value of the consideration received, if any, from the transaction, event or circumstances that resulted in the loss of control; plus any investment retained in the former subsidiary at its fair value at the date when control is lost; and (ii) the net carrying amount of assets, liabilities, goodwill and any non-controlling interests attributable to the former subsidiary at the date when control is lost.

(iii) It recognises any investment retained in the former subsidiary at its fair value when control is lost and subsequently accounts for it and for any amounts owed by or to the former subsidiary in accordance with relevant MFRSs. That fair value shall be regarded as the fair value on initial recognition of a financial asset in accordance with MFRS 9 or, when appropriate, the cost on initial recognition of an investment in an associate or joint venture.

(c) Accounting for business combinations

The Group accounts for each business combination by applying the acquisition method.

The consideration transferred in a business combination shall be measured at fair value, which shall be calculated as the sum of the acquisition date fair values of the assets transferred by the acquirer, the liabilities incurred by the acquirer to former owners of the acquiree and the equity interests issued by the acquirer.

The Group accounts for acquisition related costs as expenses in the periods in which the costs are incurred and the services are received.

For each business combination, the Group measures at the acquisition date, components of non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation at either: (i) fair value; or (ii) the present ownership instruments' proportionate share in the recognised amounts of the acquiree's identifiable net assets.

On the date of acquisition, goodwill is measured as the excess of (a) over (b) below:

(a) The aggregate of: (i) the fair value of consideration transferred; (ii) the amount of any non-controlling interest in the acquiree; and (iii) in a business combination achieved in stages, the fair value of the Group's previously held equity interest in the investee.

(b) The net fair value of the identifiable assets acquired and the liabilities assumed.

A business combination in which the amount in (b) above exceeds the aggregate of the amounts in (a) above, the Group recognises the resulting gain in profit or loss on the acquisition date.

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(d) Investments in subsidiaries

In the Company's separate financial statements, investments in subsidiaries are measured at cost less impairment losses, if any. Impairment losses are charged to profit or loss.

On disposal, the difference between the net disposal proceeds and the carrying amount of the subsidiary disposed of is recognised in profit or loss.

(e) Equity accounting of associates

An associate is an entity over which the Group and the Company have significant influence and that is neither a subsidiary nor an interest in a joint arrangement. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is neither control nor joint control over those policies.

In the separate financial statements of the Company, an investment in associate is stated at cost less impairment losses, if any.

An investment in associate is accounted for in the consolidated financial statements using the equity method of accounting. The investment in associate in the consolidated statement of financial position is initially recognised at cost and adjusted thereafter for the post acquisition change in the share of net assets of the investments of the Group.

The interest in an associate is the carrying amount of the investment in the associate under the equity method together with any long term interest that, in substance, form part of the net investment in the associate of the Group.

The share of profit or loss of the associate by the Group during the financial year is included in the consolidated financial statements, after adjustments to align the accounting policies with those of the Group, from the date that significant influence commences until the date that significant influence ceases. Distributions received from the associate reduce the carrying amount of the investment. Adjustments to the carrying amount could also be necessary for changes in the proportionate interest of the Group in the associate arising from changes in the associate's equity that have not been recognised in the associate's profit or loss. Such changes include those arising from the revaluation of property, plant and equipment and from foreign exchange translation differences. The share of those changes by the Group is recognised directly in equity of the Group.

When the share of losses of the Group in the associate equals to or exceeds its interest in the associate, the carrying amount of that interest is reduced to zero and the Group does not recognise further losses unless it has incurred legal or constructive obligations or made payments on its behalf.

The most recent available financial statements of the associate are used by the Group in applying the equity method. When the end of the reporting periods of the financial statements are not coterminous, the share of results is arrived at using the latest audited financial statements for which the difference in end of the reporting periods is no more than three months. Adjustments are made for the effects of any significant transactions or events that occur between the intervening periods.

When the Group ceases to have significant influence over an associate, any retained interest in the former associate at the date when significant influence is lost is measured at fair value and this amount is regarded as the initial carrying amount of a financial asset. The difference between the fair value of any retained interest plus proceeds from the interest disposed of and the carrying amount of the investment at the date when equity method is discontinued is recognised in profit or loss.

When the interest of the Group in an associate decreases but does not result in a loss of significant influence, any retained interest is not re-measured. Any gain or loss arising from the decrease in interest is recognised in profit or loss. Any gains or losses previously recognised in other comprehensive income are also reclassified proportionately to the profit or loss if that gain or loss would be required to be reclassified to profit or loss on the disposal of the related assets or liabilities.

1. **SIGNIFICANT ACCOUNTING POLICIES (continued)**

(f) Equity accounting of joint ventures

Joint ventures are entities with contractually agreed sharing of control between the parties, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control, and the parties have rights to the net assets of the arrangement.

Investments in joint ventures are accounted for in the consolidated financial statements using the equity method of accounting. Under the equity method, the investments in joint ventures are initially recognised at cost and adjusted thereafter for post-acquisition changes in the Group's share of net assets of the joint ventures.

The Group's share of net profit or loss and changes recognised directly in the other comprehensive income of the joint ventures are recognised in the consolidated statement of profit or loss and consolidated statement of comprehensive income, respectively.

An investment in a joint venture is accounted for using the equity method from the date on which the Group obtains joint control until the date the Group ceases to have a joint control over the joint venture.

Goodwill relating to a joint venture is included in the carrying value of the investment and it is not tested for impairment separately. Instead, the entire carrying amount of the investment is tested for impairment.

Discount on acquisition is excluded from the carrying amount of the investment and is instead included as income in the determination of the Group's share of the joint venture's profit or loss in the period in which the investment is acquired.

Unrealised gains or losses on transactions between the Group and its joint ventures are eliminated to the extent of the Group's interest in the joint ventures.

Equity accounting is discontinued when the carrying amount of the investment in a joint venture diminishes by virtue of losses to zero, unless the Group has legal or constructive obligations or made payments on behalf of the joint venture.

The results and reserves of joint ventures are accounted for in the consolidated financial statements based on financial statements made up to the end of the financial year and prepared using accounting policies that conform to those used by the Group for like transactions in similar circumstances.

When the Group ceases to have joint control over a joint venture, any retained interest in the former joint venture is recognised at fair value on the date when joint control is lost. Any gain or loss arising from the loss of joint control over a joint venture is recognised in profit or loss.

In the Company's separate financial statements, investments in joint ventures are measured at cost less impairment losses, if any. Impairment losses are recognised in profit or loss.

On disposal, the difference between the net disposal proceeds and the carrying amount of the joint ventures disposed of is recognised in profit or loss.

(g) Financial instruments

Regular way purchases and sales of financial assets are recognised on trade date, the date on which the Group and the Company commit to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group and the Company have transferred substantially all the risks and rewards of ownership.

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(g) Financial instruments (continued)

Financial assets

At initial recognition, the Group and the Company measure a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss ("FVTPL"), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely for payment of principal and interest ("SPPI").

Subsequent measurement of debt instruments depends on the Group's and the Company's business model for managing the asset and the cash flow characteristics of the asset. The Group and the Company classify its debt instruments under amortised cost category.

(i) Amortised cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent SPPI are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gains/(losses) together with foreign exchange gains and losses.

(ii) Fair value through profit or loss ("FVTPL")

Financial assets that do not meet the criteria for amortised cost or fair value through other comprehensive income ("FVOCI") are measured at FVTPL. The Group and the Company may also irrevocably designate financial assets at FVTPL if doing so significantly reduces or eliminates a mismatch created by assets and liabilities being measured on different bases. Fair value changes is recognised in profit or loss in the period which it arises.

A financial asset or part of it is derecognised when, and only when the contractual rights to the cash flows from the financial asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. On derecognition of a financial asset, the difference between the carrying amount and the sum of the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognised in equity, is recognised in profit or loss.

Financial liabilities

A financial liability is any liability with contractual obligation to deliver cash or another financial asset to another enterprise, or to exchange financial instruments with another enterprise under conditions that are potentially unfavourable. Financial liabilities are classified as either financial liabilities at FVTPL or other financial liabilities. The Group's and the Company's significant financial liabilities include trade and other payables, term loans and short-term borrowings which are initially measured at fair value and subsequently measured at amortised cost.

(i) Financial liabilities at fair value through profit or loss

Financial liabilities are classified as at FVTPL when financial liabilities are either held for trading or it is designated as at FVTPL. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss.

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(g) Financial instruments (continued)

Financial liabilities (continued)

(ii) Amortised cost

Financial liabilities are initially measured at fair value, net of transaction costs.

Financial liabilities are subsequently measured at amortised cost.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged or cancelled or expires. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

Financial guarantee contract

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument.

The Group designates corporate guarantees given to banks for credit facilities granted to subsidiaries as insurance contracts as defined in MFRS 4 Insurance Contracts. The Group recognises these insurance contracts as recognised insurance liabilities when there is a present obligation, legal or constructive, as a result of a past event, when it is probable that an outflow of resources embodying economic benefits would be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

At the end of each reporting period, the Group assess whether its recognised insurance liabilities are adequate, using current estimates of future cash flows under its insurance contracts. If this assessment shows that the carrying amount of the insurance liabilities is inadequate, the entire deficiency shall be recognised in profit or loss.

Equity instrument

Dividends from equity investments are recognised in profit or loss as other income when the Group's and the Company's right to receive payments is established.

Changes in the fair value of financial assets at FVOCI are recognised in the statement of comprehensive income as applicable.

When the Group repurchases its own shares, the shares repurchased would be accounted for using the treasury stock method.

Where the treasury stock method is applied, the shares repurchased and held as treasury shares shall be measured and carried at the cost of repurchase on initial recognition and subsequently. It shall not be revalued for subsequent changes in the fair value or market price of the shares.

The carrying amount of the treasury shares shall be offset against equity in the statement of financial position. To the extent that the carrying amount of the treasury shares exceeds the share premium account, it shall be considered as a reduction of any other reserves as may be permitted by the Companies Act 2016 in Malaysia.

No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the own equity instruments of the Company. If such shares are issued by resale, any difference between the sales consideration and the carrying amount is shown as a movement in equity.

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(h) Property, plant and equipment

(i) Measurement basis

Property, plant and equipment (excluded right-of-use assets) are stated at cost less accumulated depreciation and impairment losses, if any.

The cost of property, plant and equipment includes expenditure that is directly attributable to the acquisition of the assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the asset will flow to the Group and the cost of the asset can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are recognised as profit or loss when incurred.

Property, plant and equipment are derecognised upon disposal or when no future economic benefits are expected from their use or disposal. On disposal, the difference between the net disposal proceeds and the carrying amount is recognised in profit or loss and the revaluation surplus related to those assets, if any, is transferred directly to retained earnings.

The Group revalues its freehold hotel property and freehold land and building once in every two (2) to five (5) years to ensure that the carrying amount of a revalued asset does not differ materially from its fair value. The valuation is carried out by independent firm of professional valuers using the open market basis. Surplus arising from revaluation is dealt with through the asset revaluation reserve account, net of deferred tax, if any. Any deficit arising is set-off against the asset revaluation reserve to the extent of a previous increase for the same property. In all other cases, a decrease in carrying amount will be charged to profit or loss. For a revaluation increase subsequent to a revaluation deficit of the same asset, the surplus is recognised as income to the extent that it reverses the deficit previously recognised as an expense with the balance of increase credited to revaluation reserve.

(ii) Depreciation

Freehold land is not depreciated.

Depreciation is calculated to write off the depreciable amount of other property, plant and equipment on a straight-line basis over their estimated useful lives. The depreciable amount is determined after deducting residual value from cost.

The principal annual rates used for this purpose are:

Freehold hotel property and other buildings	2%
Plant and machinery	20%
Motor vehicles	20%
Renovation, furniture, fittings and equipment	10% - 50%

The residual values, useful lives and depreciation method are reviewed, and adjusted if appropriate, at the end of each reporting period.

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(i) Leases

(i) The Group as lessee

The Group recognises a right-of-use asset and a lease liability at the commencement date of the contract for all leases excluding short-term leases or leases for which the underlying asset is of low value, conveying the right to control the use of an identified asset for a period of time.

The Group determines the lease term as the non-cancellable period of a lease, together with both:

(a) periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and

(b) periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option.

In assessing whether a lessee is reasonably certain to excercise an option to extend a lease, or not to exercise an option to terminate a lease, the Group considers all relevant facts and circumstances that create an economic incentive for the lessee to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease.

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The right-of-use assets are initially measured at cost, which comprise the initial amount of the lease liabilities adjusted for any lease payments made at or before the commencement date of the leases.

Subsequent to the initial recognition, right-of-use assets are measured at cost less accumulated depreciation and any accumulated impairment losses, and adjusted for any re-measurement of the lease liabilities.

The right-of-use assets are depreciated on the straight-line basis over the earlier of the estimated useful lives of the right-of-use assets or the end of the lease term. The lease terms of right-of-use assets are as follows:

Buildings	2 - 9 years
Office equipment	2 - 5 years

The lease liability is initially measured at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the Group's incremental borrowing rate. Subsequent to the initial recognition, the Group measures the lease liability by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect lease payments made, and remeasuring the carrying amount to reflect any reassessment or lease modifications.

(ii) The Group as lessor

The Group classified its leases as either operating leases or finance leases. Leases where the Group retains substantially all the risks and rewards of ownership of the leased assets are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income.

If the Group transfers substantially all the risks and rewards incidental to ownership of the leased assets, leases are classified as finance leases and are capitalised at an amount equal to the net investment in the lease.

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(j) Investment properties

Investment properties are properties held to earn rental income or for capital appreciation or both rather than for use in the production or supply of goods and services or for administrative purposes, or sale in the ordinary course of business.

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the cost of replacing part of an existing investment property at the time that cost is incurred if the recognition criteria are met; and excludes the costs of day-to-day servicing of an investment property.

Subsequent to initial recognition, investment properties are stated at fair value, which reflects market conditions at the end of each reporting period. Gains or losses arising from changes in the fair values of investment properties are included in profit or loss in the period in which they arise.

Investment properties are derecognised upon disposal or when they are permanently withdrawn from use and no future economic benefits are expected from their disposal. On disposal, the difference between the net disposal proceeds and the carrying amount is recognised in profit or loss.

(k) Intangible assets

Intangible asset is franchise license which is measured at cost less any accumulated amortisation and accumulated impairment losses, if any. Franchise license is amortised on a straight-line basis over a period of twenty four (24) years. In the event that the expected future economic benefits are no longer probable of being recovered, the license agreement is written down to its recoverable amount.

(l) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost of materials being the cost of purchase, is determined either on the first-in-first-out basis or the weighted average basis in respect of consumables. Net realisable value is the estimate of selling price in the ordinary course of business, less cost to completion and selling expenses.

Cost of inventories of completed houses is determined based on specific identification method.

<u>Land held for property development</u>

Land held for property development consists of land where no development activities have been carried out or where development activities are not expected to be completed within the normal operating cycle. Such land is classified within non-current assets and is stated at the lower of cost and net realisable value. Cost comprises cost of land and all related costs incurred on activities necessary to prepare the land for its intended use.

Land held for property development is reclassified as property development costs and included under current assets when development activities have commenced and where it can be demonstrated that the development activities can be completed within the normal operating cycle.

<u>Property development costs</u>

Property development costs are determined based on a specific identification basis. Property development costs comprising costs of land, direct materials, direct labour, other direct costs, attributable overheads and payments to subcontractors that meet the definition of inventories are recognised as an asset and are stated at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and applicable variable selling expenses. The asset is subsequently recognised as an expense in profit or loss when or as the control of the asset is transferred to the customer over time or at a point in time.

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(m) Share capital

Ordinary shares are recorded at proceeds received, net of directly attributable incremental transaction costs. Ordinary shares are classified as equity.

Dividends to shareholders are recognised in equity in the period in which they are declared and paid.

(n) Revenue and other income recognition

(i) The Group recognises revenue from property development over time if it creates an asset with no alternative use to the Group and the Group has an enforceable right to payment for performance completed to date. Revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation.

The progress towards complete satisfaction of the performance obligation is measured based on the Group's efforts or inputs to the satisfaction of the performance obligation (e.g. by reference to the property development costs incurred to date as a percentage of the estimated total costs of development of the contract).

(ii) The Group recognises revenue at a point in time for the sale of completed development properties, when the control of the properties has been transferred to the purchasers, being when the properties have been completed and delivered to the customers and it is probable that the Group will collect the considerations to which it would be entitled to in exchange for the assets sold.

(iii) Rental income is accounted for on a straight line basis over the lease term of an ongoing lease. The aggregate cost of incentives provided to the lessee is recognised as a reduction of rental income over the lease term on a straight line basis.

(iv) Revenue from services rendered in respect of sale of hotel rooms, food and beverages and other ancillary services is recognised at point in time in profit or loss as and when services are rendered.

(v) Revenue from contract works are recognised over the period of the contracts by reference to the progress towards complete satisfaction of that performance obligations. Progress is determined on the proportion of construction contract costs incurred for work performed to date against total estimated construction contract costs where the outcome of the project can be estimated reliably.

(vi) Revenue from contract works are recognised at point in time when the construction works have been completed and accepted by the customers.

(vii) Dividend income is recognised when the right to receive payment is established.

(viii) Interest income is recognised on a time proportion basis using the effective interest rate applicable. If the collectibility of the interest income is in doubt, the recognition of interest income is deferred until prospect of collection becomes certain.

(ix) Management fees are recognised at point over time when or as a performance obligation in the contract with customer is satisfied, i.e. when the "control" of the services underlying the particular performance obligation is transferred to the customer.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2021

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(o) Foreign currencies

(i) Functional currency

Functional currency is the currency of the primary economic environment in which an entity operates.

The financial statements of each entity within the Group are measured using their respective functional currency.

(ii) Transactions and balances in foreign currencies

Transactions in currencies other than the functional currency ("foreign currencies") are translated to the functional currency at the rate of exchange ruling at the date of the transaction.

Monetary items denominated in foreign currencies at the end of each reporting period are translated at foreign exchange rates ruling at that date.

Non-monetary items which are measured in terms of historical costs denominated in foreign currencies are translated at foreign exchange rates ruling at the date of the transaction.

Non-monetary items which are measured at fair values denominated in foreign currencies are translated at the foreign exchange rates ruling at the date when the fair values were determined.

Exchange differences arising on the settlement of monetary items and the translation of monetary items are included in profit or loss for the period.

When a gain or loss on a non-monetary item is recognised directly in other comprehensive income, any corresponding exchange gain or loss is recognised directly in other comprehensive income. When a gain or loss on a non-monetary item is recognised in profit or loss, any corresponding exchange gain or loss is recognised in profit or loss.

(iii) Translation of foreign operations

For consolidation purposes, all assets and liabilities of foreign operations that have a functional currency other than RM (including goodwill and fair value adjustments arising from the acquisition of the foreign operations) are translated at the exchange rates ruling at the end of each reporting period.

Income and expense items are translated at exchange rates approximating those ruling on transactions dates.

All exchange differences arising from the translation of the financial statements of foreign operations are dealt with through the exchange translation reserve account within equity. On the disposal of a foreign operation, the cumulative exchange translation reserves relating to that foreign operation are recognised in profit or loss as part of the gain or loss on disposal.

(p) Impairment of non-financial assets

Property, plant and equipment, right-of-use assets, intangible assets, investments in subsidiaries, associates and joint ventures are assessed at the end of each reporting period to determine whether there is any indication of impairment.

If such an indication exists, the asset's recoverable amount is estimated. The recoverable amount is the higher of an asset's fair value less cost to sell and its value in use. Value in use is the present value of the future cash flows expected to be derived from the assets. Recoverable amounts are estimated for individual assets or, if it is not possible, for the cash-generating unit to which the asset belongs.

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(p) Impairment of non-financial assets (continued)

An impairment loss is recognised whenever the carrying amount of an asset or a cash-generating unit exceeds its recoverable amount. Impairment losses are charged to profit or loss. Impairment loss on a revalued asset is recognised in revaluation surplus to the extent that the impairment loss does not exceed the amount in the revaluation surplus, excess loss is charged to profit or loss.

Any reversal of an impairment loss as a result of a subsequent increase in recoverable amount should not exceed the carrying amount that would have been determined (net of amortisation or depreciation, if applicable) had no impairment loss been previously recognised for the asset.

(q) Impairment of financial assets

The Group applies the simplified approach to measure expected credit losses ("ECL"). This entails recognising a lifetime expected loss allowance for all trade receivables and contract assets. Loss rates are determined based on grouping of receivables sharing the same credit risk characteristics and past due days. During this process the probability of the non-payment of the trade receivables is assessed. This probability is then multiplied by the amount of the expected loss arising from default to determine the lifetime expected credit loss for the trade receivables and contract assets.

Management assesses the ECL for portfolios of trade receivables based on customer segments, historical information on payment patterns, terms of payment, concentration maturity, and information about the general economic situation in the countries.

For other receivables and intercompany balances, the Group and the Company apply 3-stage approach to measure expected credit losses which reflect their credit risk and how the loss allowance is determined. The Group and the Company assessed the intercompany receivables as performing category with a low risk of default and a strong capacity to meet contractual cash flows. For those in which the credit risk has not increased significantly since initial recognition of the financial asset, twelve month expected credit losses along with gross interest income are recognised. For those in which credit risk has increased significantly, lifetime expected credit losses along with the gross interest income are recognised. A significant increase in credit risk is presumed if a debtor is more than 60 days past due in making a contractual payment.

For those that are determined to be credit impaired, lifetime expected credit losses along with interest income on a net basis are recognised. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit impaired includes the following observable data:

(i) Significant financial difficulties of the debtor;
(ii) A breach of contract such as a default or being more than 90 days past due;
(iii) The restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise;
(iv) It is probable that the debtor will enter bankruptcy or other financial reorganisation; or
(v) The disappearance of an active market for a security because of financial difficulties.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk, the Group compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportable forward looking information. The Group has identified the Malaysia housing index, gross domestic product (GDP), unemployment rate and inflation rate as the key macroeconomic factors.

It requires management to exercise significant judgement in determining the probability of default by trade receivables, other receivables, amounts owing by subsidiaries, amounts owing by associates, amounts owing by joint ventures and appropriate forward looking information and significant increase in credit risk incorporating the impact of COVID-19 pandemic.

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(r) Contract assets and liabilities

Contract asset is the right to consideration in exchange for goods and services that the Group has transferred to a customer. If the Group transfers goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional. Contract assets are subject to impairment assessment based on the ECL model.

Contract liability is the unsatisfied obligation by the Group to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract.

(s) Employee benefits

(i) Short term employee benefits

Wages, salaries, paid annual leave, paid sick leave, bonuses and non-monetary benefits are recognised as expenses in the period in which the associated services are rendered by employees other than those that are attributable to property development activities in which case such expenses are capitalised in the property development costs.

(ii) Post-employment benefits

The Company and its Malaysian subsidiary companies pay monthly contributions to the Employees Provident Fund ("EPF") which is a defined contribution plan.

The legal or constructive obligation of the Company and its Malaysian subsidiary companies are limited to the amount that they agree to contribute to the EPF. The contributions to the EPF are charged to profit or loss in the period to which they relate.

Some of the Company's foreign subsidiary companies make contributions to their respective countries' statutory pension schemes which are recognised as an expense in profit or loss as incurred.

(t) Borrowing costs

Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest method.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets.

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are interrupted or completed.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(u) Taxation

The income tax expense in profit or loss represents the aggregate amount of current tax and deferred tax.

Current tax is the expected income tax payable or receivable on the taxable income or loss for the year, estimated using the tax rates enacted or substantively enacted by the end of the reporting period.

On the statement of financial position, a deferred tax liability is recognised for taxable temporary differences while a deferred tax asset is only recognised for deductible temporary differences and unutilised tax losses to the extent that it is probable that taxable profit will be available in future against which the deductible temporary differences and unutilised tax losses can be utilised.

No deferred tax is recognised for temporary differences arising from the initial recognition of:

(i) goodwill, or

(ii) an asset or liability which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

Deferred tax assets and liabilities are measured based on tax consequences that would follow from the manner in which the asset or liability is expected to be recovered or settled, and based on the tax rates enacted or substantively enacted by the end of the reporting period that are expected to apply to the period when the asset is realised or when the liability is settled.

Current tax and deferred tax are charged or credited directly to other comprehensive income if the tax relates to items that are credited or charged, whether in the same or a different period, directly to other comprehensive income.

(v) Cash and cash equivalents

Cash and cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value.

For the purpose of the statements of cash flows, cash and cash equivalents are presented net of bank overdrafts and exclude fixed deposits and bank balances pledged to secure banking facilities.

(w) Non-current assets held for sale

The Group classifies non-current assets held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. Non-current assets classified as held are measured at the lower of their carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset, excluding finance costs and income tax expense.

The criteria for held for sale classification is regarded as met only when the sale is highly probable, and the asset is available for immediate sale in its present condition. Management must be committed to the plan to sell the asset and the sale expected to be completed within one year from the date of classification.

Property, plant and equipment are not depreciated once classified as held for sale.

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(x) Segment reporting

Segment reporting in the financial statements is presented on the same basis as it is used by management internally for evaluating operating segment performance and in deciding how to allocate resources to each operating segment. Operating segments are distinguishable components of the group that engage in business activities from which they may earn revenue and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. An operating segment's results are reviewed regularly by the chief operating decision-maker to decide how to allocate resources to the segment and assess its performance, and for which discrete financial information is available.

Segment revenue, expense, assets and liabilities are those amounts resulting from operating activities of a segment that are directly attributable to the segment and a relevant portion that can be allocated on a reasonable basis to the segment.

Segment revenue, expense, assets and liabilities are determined before intra-group balances and intra-group transactions are eliminated as part of the consolidation process, except to the extent that such intra-group balances and transactions are between group entities within a single segment.

The total of segment asset is measured based on all assets (including goodwill) of a segment, as included in the internal management reports that are reviewed by chief operating decision maker. Segment total asset is used to measure the return on assets of each segment.

Segment capital expenditure is the total cost incurred during the financial year to acquire property, plant and equipment and intangible assets other than goodwill.

(y) Provisions

Provisions are recognised when there is a present obligation, legal or constructive, as a result of a past event, when it is probable that an outflow of resources embodying economic benefits would be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, the amount of a provision would be discounted to its present value at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits would be required to settle the obligation, the provision would be reversed.

Provisions are not recognised for future operating losses. If the Group has a contract that is onerous, the present obligation under the contract shall be recognised and measured as a provision.

(z) Contingent liabilities and contingent assets

A contingent liability is a possible obligation that arises from past events whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources would be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Group does not recognise a contingent liability but discloses its existence in the financial statements.

A contingent asset is a possible asset that arises from past events whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group. The Group does not recognise contingent assets but discloses its existence where inflows of economic benefits are probable, but not virtually certain.

In the acquisition of subsidiaries by the Group under business combinations, contingent liabilities assumed are measured initially at their fair value at the acquisition date.

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(aa) (Loss)/Earnings per share

(a) Basic

Basic (loss)/earnings per ordinary share for the financial year is calculated by dividing the (loss)/profit for the financial year attributable to equity holders of the parent by the weighted average number of ordinary shares outstanding during the financial year.

(b) Diluted

Diluted (loss)/earnings per ordinary share for the financial year is calculated by dividing the (loss)/profit for the financial year attributable to equity holders of the parent by the weighted average number of ordinary shares outstanding during the financial year adjusted for the effects of dilutive potential ordinary shares.

(ab) Fair value measurement

The fair value of an asset or a liability, except for lease transactions is determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market or in the absence of a principal market, in the most advantageous market.

The Group measures the fair value of an asset or a liability by taking into account the characteristics of the asset or liability if market participants would take these characteristics into account when pricing the asset or liability. The Group has considered the following characteristics when determining fair value:

(a) The condition and location of the asset; and

(b) Restrictions, if any, on the sale or use of the asset.

The fair value measurement for a non-financial asset takes into account the ability of the market participant to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The fair value of a financial or non-financial liability or an entity's own equity instrument assumes that:

(a) A liability would remain outstanding and the market participant transferee would be required to fulfil the obligation. The liability would not be settled with the counterparty or otherwise extinguished on the measurement date; and

(b) An entity's own equity instrument would remain outstanding and the market participant transferee would take on the rights and responsibilities associated with the instrument. The instrument would not be cancelled or otherwise extinguished on the measurement date.

3. PROPERTY, PLANT AND EQUIPMENT (continued)

(a) The Group revalues its freehold hotel property, freehold land and buildings once in every two (2) to five (5) years to ensure that the carrying amount of a revalued asset does not differ materially from its fair value. The valuation is carried out by independent firm of professional valuers using the open market basis.

The latest valuations on freehold hotel property and freehold land and buildings in Malaysia were carried out by Raine & Horne International Zaki + Partners Sdn. Bhd. as at 31 March 2021. The fair value of the properties were determined using comparison method and therefore is categorised as Level 2 in the fair value hierarchy.

There was transfer between levels in the fair value hierarchy of freehold hotel property, from Level 3 to Level 2 during the financial year resulted from the change of valuation technique.

The following table shows the valuation techniques used in the determination of fair values within Level 3, as well as the significant unobservable inputs used in the valuation models in previous financial year.

Valuation technique	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Profits method	- Average room rates during holding period ranging from RM350 per room to RM2,400 per room. - Historical average occupancy rates during holding period ranging from 47.25% to 56.75%	The estimate fair value would increase/(decrease) if: - Average room rates during the holding period were higher/(lower) - Historical average occupancy rates during the holding period were higher/(lower)

The professional valuers have adopted the fair value derived from comparison method instead of profits method. This is due to the prevailing economic uncertainty in adopting profits method compared to comparison method for indicating a specific final fair value.

(b) The following table shows a reconciliation of Level 3 fair value:

	Group	
	2021	**2020**
	RM'000	**RM'000**
At beginning of financial year	186,000	186,000
Transfer to Level 2 fair value	(186,000)	-
At end of financial year	-	186,000

Valuation processes applied by the Group for Level 2 fair value

The fair value of freehold hotel property and freehold land and buildings are determined by independent professional valuers, having appropriate recognised professional qualifications and recent experience in the location and category of the property being valued. The independent professional valuers provide the fair value of the property. There was no transfer between levels in the fair value hierarchy of freehold land and buildings. Changes from Level 3 to level 2 fair value of freehold hotel property are assessed by the management after obtaining the valuation reports from the independent professional valuers.

(c) The freehold hotel property has been pledged as security for the bank borrowings as disclosed in Note 23 to the financial statements.

(d) The fair value measurements of the freehold hotel property, freehold land and buildings (at valuation) are based on the highest and best use which does not differ from their actual use.

20. NON-CURRENT ASSETS HELD FOR SALE

As at 31 March 2021, management had taken action to recover the carrying amount of freehold land and building of SDB Asia Pte. Ltd., a wholly-owned subsidiary of SDB International Sdn. Bhd., which is in turn a wholly-owned subsidiary of the Company, principally through a sale transaction rather than through continuing use. Accordingly, management had classified the said property as held for sale in accordance with the requirements of *MFRS 5 Non-current Assets Held for Sale and Discontinued Operations*. As disclosed in Note 42 to the financial statements, subsequent to year end SDB Asia Pte. Ltd. had entered into a conditional Option to Purchase to dispose of the said land and building. The proceeds of disposal are expected to exceed the net carrying amount of the land and building and, accordingly, no impairment loss has been recognised on the classification as held for sale.

38. FINANCIAL INSTRUMENTS (continued)

(b) Fair value of financial instruments

The carrying amounts of the financial instruments of the Group and of the Company at the reporting date approximate or were at their fair values.

(i) Financial instruments that are not carried at fair values and whose carrying amounts are reasonable approximation of fair values

The carrying amounts of financial assets and financial liabilities, such as trade and other receivables, amounts owing by/(to) subsidiaries, amounts owing by associates, amounts owing by/(to) joint ventures, trade and other payables and bank borrowings, are reasonable approximation of fair values, either due to their short-term nature or that they are floating rate instruments that are re-priced to market interest rates on or near the end of the reporting period.

39. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's activities are exposed to a variety of financial risks, including foreign currency exchange risk, interest rate risk, credit risk and liquidity and cash flow risks. The Group's overall financial risk management objective is to minimise potential adverse effects on the financial performance of the Group.

Financial risk management is carried out through risk reviews, internal control systems, insurance programmes and adherence to financial risk management policies.

There have been no significant changes on the Group's exposure to financial risks from the previous year. Also, there have been no changes to the Group's risk management objectives, policies and processes since the previous financial year end.

The Group’s management reviews and agrees on policies managing each of the financial risks and they are summarised as follows:

(a) Foreign currency exchange risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Group has transactional currency exposures arising from sales or purchases that are denominated in a currency other than the respective functional currencies of Group entities. The foreign currencies in which these transactions are denominated are mainly in SGD.

The Group also holds cash and cash equivalents denominated in foreign currencies for working capital purposes. At the reporting date, such foreign currency balances (mainly in SGD) amount to RM9,999,000 (2020: RM7,689,000).

NOTES TO THE FINANCIAL STATEMENTS

39. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

(a) Foreign currency exchange risk (continued)

The following table demonstrates the sensitivity analysis on the outstanding foreign currency denominated monetary items of the Group's and of the to a reasonably possible change in the SGD and AUD exchange rates against the Ringgit Malaysia ("RM"), with all other variables held constant.

AUD/RM		
- strengthen by 10% (2020: 10%)	2	2
- weaken by 10% (2020: 10%)	(2)	(2)

(b) Interest rate risk

Financial assets

Surplus funds are placed in fixed deposits with licensed banks and finance companies to earn interest income based on prevailing market rates. The Group manages its interest rate risks by placing such funds on short tenures of one (1) year or less.

The interest rate risk of deposits with licensed banks and amounts owing by subsidiaries have been disclosed in Notes 15 and 18 to the financial statements respectively.

Financial liabilities

The Group's policy is to borrow principally on a floating rate basis but to retain a proportion of fixed rate borrowings. The objective of a mix of fixed and floating rate borrowings is to reduce the impact of an upward change in interest rates while enabling benefits to be enjoyed if interest rates fall. The mix between fixed and floating rate borrowings is monitored so as to ensure that the Group's financing cost is kept at the lowest possible. The Group does not generally hedge interest rate risks. Hedging of risk through the use of financial instruments may be adopted should its use result in significant cost savings. The Group has a policy to ensure that interest rates obtained are competitive.

It is the Group's policy not to trade in interest rate swap agreements.

The interest rate risk of amount owing to subsidiaries and borrowings have been disclosed in Notes 15 and 23 to the financial statements respectively.

39. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

(b) Interest rate risk (continued)

The following table demonstrates the sensitivity analysis if interest rates increase or decrease by one-hundred (100) basis points with all other variables held constant.

- decrease by 1%	-	-	135	45

(c) Credit risk

Credit risk arises from the possibility that a counter party may be unable to meet the terms of a contract in which the Group has a gain position.

In the case of property development activities, the Group's credit risk is primarily attributable to progress billings receivable from house buyers. The Group mitigates the risk of default by maintaining its name as the registered owner of the development properties until full settlement by the purchaser of the self-financed portion of the purchase consideration and upon undertaking of end-financing by the purchaser's end-financier.

For other activities, the Group minimises and monitors its credit risk by dealing with credit worthy counterparties, setting credit limits on exposures, applying credit approval controls and obtaining collateral or security deposits where appropriate. Trade and financial receivables are monitored on an ongoing basis via group-wide management reporting procedures.

With regard to surplus cash, the Group seeks to invest its cash assets safely by depositing them with licensed financial institutions.

39. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

(c) Credit risk (continued)

As at the end of each reporting period, the credit risk exposure relating to trade receivables, other receivables, amount owing by an associate and amounts owing by joint ventures of the Group are summarised in the table below:

	2021 RM'000	2020 RM'000
Maximum exposure	51,747	70,010
Collateral obtained	-	-
Net exposure to credit risk	51,747	70,010

The Group does not have any significant concentration of credit risk to any individual customer or counterparty other than trade receivables, which constitutes 74.65% (2020: 61.97%) of total receivables as at the end of the reporting period.

During the financial year, the Group did not renegotiate the terms of any trade receivables.

39. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

(d) Liquidity and cash flow risks

The Group seeks to ensure all business units maintain optimum levels of liquidity at all times, sufficient for their operating, investing and financing activities.

Therefore, the policy seeks to ensure that each business unit, through efficient working capital management (i.e., inventory, accounts receivable and accounts payable management), must be able to convert its current assets into cash to meet all demands for payment as and when they fall due.

Besides maintaining an adequate current ratio, each business unit is required to submit cash flow projections to Group management on a monthly basis. Each unit must seek to ensure that projected cash inflows from operating and non-operating activities adequately cover funding requirements of operating and non-operating outflows. At a minimum, all projected net borrowings should be covered. Also, debt maturities are closely monitored to ensure that the Group is able to meet its obligations as they fall due.

Daily bank balances are prepared and any excess funds are invested in fixed deposits with licensed financial institutions at the most competitive interest rates obtainable.

The table below summarises the maturity profile of the Group's and the Company's financial liabilities based on the contractual undiscounted cash flows.

40. CAPITAL MANAGEMENT

The Group's objectives when managing capital is to maintain an optimal capital base and safeguard the Group's ability to continue as a going concern, so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Directors monitor and maintain a prudent level of gearing ratio that complies with debt covenants and regulatory requirements.

The gearing ratios were as follows:

	Group		Company	
	2021 RM'000	2020 RM'000	2021 RM'000	2020 RM'000
Total borrowings (Note 23)	426,698	427,093	63,750	66,250

Gearing ratio	32%	32%	10%	10%

There were no changes in the Group's approach to capital management during the financial year.

Under the requirement to Bursa Malaysia Practice Note No. 17/2005, the Group is required to maintain a consolidated shareholders' equity of more than 25% of the issued and paid-up capital (excluding treasury shares, if any), and such shareholders' equity is not less than RM40 million. The Group has complied with this requirement.

41. SIGNIFICANT EVENT DURING THE FINANCIAL YEAR

The World Health Organisation declared the novel coronavirus ("COVID-19") a global pandemic on 11 March 2020. The Government of Malaysia imposed the Movement Control Order ("MCO") on 18 March 2020 and has subsequently entered into various phases of the MCO until further announce.

The outbreak of COVID-19 has adversely impacted the global economy and the businesses environment for Malaysia and Singapore. These governments have been implementing several phases of control measure against this pandemic. Except for essential services, Malaysia had 3 months total lockdown and Singapore had 6 months total lockdown. During the lockdown, all business activities ceased including construction sites, sales offices, sales galleries, show units and hotel operation which led to a drop in Group's performance.

Based on the assessment and information available at the date of authorisation of the financial statements, the Group has sufficient cash flows to meet its liquidity needs in the next twelve (12) months after the end of reporting period. The Group and the Company will continue to monitor the impact of the pandemic and take appropriate and timely measures to minimise its impact on the Group's and the Company's operations.

42. SIGNIFICANT EVENT SUBSEQUENT TO THE END OF THE REPORTING PERIOD

On 22 June 2021, SDB Asia Pte. Ltd., a wholly-owned subsidiary of SDB International Sdn. Bhd., which is in turn a wholly-owned subsidiary of SDB, entered into a conditional Option to Purchase with TH Victory Pte. Ltd. ("Nominee"), being the Nominee of Clifton Partners Pte. Ltd., for its proposed disposal of the land and building as disclosed in Note 20 to the financial statements, for a total disposal consideration of SGD13,280,000, equivalent amount in RM41,000,000.

43. FINANCIAL REPORTING UPDATES

43.1 IFRIC Agenda Decision - Over time transfer of constructed good (IAS 23)

The IFRS Interpretations Committee ('IFRIC') received a submission about the capitalisation of borrowing costs in relation to the construction of a residential multi-unit real estate development.

Based on the fact pattern described in the submission, the request asked whether the entity has a qualifying asset as defined in IAS 23 *Borrowing Costs* and, therefore, capitalises any directly attributable costs.

The IFRIC concluded in March 2019 that, in the fact pattern described in the request:

i. Any receivable and contract asset that the entity recognises is not a qualifying asset.
ii. Any inventory (work-in-progress) for unsold units under construction that the entity recognises is also not a qualifying asset because the unsold units are ready for its intended use or sale.

The MASB announced on 20 March 2019 that an entity shall apply the change in accounting policy as a result of this Agenda Decision to financial statements of annual periods beginning on or after 1 July 2020.

The Group is in the process of obtaining new information and adapting its systems to implement this change in accounting policy. The implementation results would be reported during the financial year ending 31 March 2022.

44. AUTHORISATION FOR ISSUE OF FINANCIAL STATEMENTS

These financial statements were authorised for issue on 11 August 2021 by the Board of Directors.
